Subject: Limetree Bay

Flag: Flag for follow up

Hi Pete. It was nice to see you the other day. I wanted to let you know that we intend to sign and send the NSR applicability determination letter to Limetree Bay today. Your staff has been involved in preparing the letter and I believe they concur with it. I do not expect this to make a splash, and we do not plan to trumpet it. I told the Administrator that, if the project actually gets implemented, EPA should be able to take some credit at that point.

Please feel free to contact me if you have questions or need anything. Thanks.
